EDUCATION

Netaji Subhas University of Technology, Delhi

2021-Present

- ❖ B-Tech in Computer Science (Grade - 8.19)

Aligarh Muslim University, Aligarh

2020-2021

- ❖ Senior Secondary School (Percentage - 88%)

SUMMARY

I am currently pursuing B-Tech from Netaji Subhas University of Technology. Passionate about leveraging technology to solve complex problems, I excel in full stack web development with a strong command of the MERN stack. Proficient in C++ and JavaScript, I enjoy tackling coding challenges. I am Highly motivated individual with strong leadership and management skills, with extensive experience managing cross-functional teams. My expertise includes building scalable, responsive web applications and optimizing system performance. I thrive in dynamic, fast-paced environments and have a proven track record of delivering high-quality solutions under tight deadlines.

SKILLS

Programming Languages: C, C++ and Python

Technical Skills

- Problem Solving (Data Structures and Algorithms & Competitive Programming)
- Databases – MongoDB and MySQL
- Web Tools and Technologies (HTML, CSS, Bootstrap, JavaScript, React.js, Node.js, Express.js, Redux.js, Stripe, JSW)

Additional Skills

- Version Control (Git), RESTful API Development, Responsive Web Design, DOM manipulations, Database Management (SQL, NoSQL), OOPs, Agile Methodologies

EXPERIENCE

Full Stack Web Development intern, Techplement

May 2024-July 2024

- Developed and maintained web applications using the MERN stack, enhancing functionality and user experience.
- Collaborated with cross-functional teams to implement new features and resolve technical issues efficiently.
- Conducted code reviews and provided constructive feedback to peers, ensuring high-quality code and adherence to best practices.

PROJECTS

MERN Stack Food Delivery Web App

April 2024

- Made a food delivery web application using HTML, React, Node.js, and JavaScript, providing a seamless user experience. Utilized MongoDB for efficient and scalable database management.
- Implemented user authentication and cart functionality.
- Integrated Stripe for secure payment processing, ensuring smooth and reliable transactions.

Real Time News Aggregator

Feb 2024

- Developed a dynamic News Aggregator, integrating React for responsive UI/UX and Node.js with Express for robust backend functionality. Real-time news fetching via third-party APIs.

Personal Fitness Tracker

Nov 2023

- Create a feature-rich fitness tracker application, incorporating dynamic graphs and charts for visualizing calories burned and work out details, ensuring comprehensive fitness monitoring.
- Implemented a secure user authentication system and designed a fully responsive UI/UX, providing users with an intuitive and seamless experience across all devices.

ACHIEVEMENTS & AWARDS

- School Topper for 9 consecutive years and won many medals and certificates.
- 99 Percentile in JEE MAINS and secured 11048 All India Rank in JEE Advanced. Secured AIR 46 in AMU B-Tech Entrance Examination from lakhs of students.
- Competitive Programming (1500+ rating on CodeChef and 1000+ DSA questions on different coding platforms)

POSITION & RESPONSIBILITY

- Team Lead for Full Stack Web Development Projects at Techplement.
- Led the school cricket team to victory in the Inter-School Cricket Tournament.
- Successfully managed the logistics, budgeting, and scheduling of multiple events, ensuring a smooth and enjoyable experience for all participants and attendees.

INTERESTS & HOBBIES

- Programming, Maintaining Personal Fitness, Cricket
